

**ANNEX A: "RULES FOR COHABITATION IN THE SALESIAN  
CENTER OF SAN DOMENICO SAVIO"**

**FORESTERIE LOMBARDE**

**to ensure the safety of Covid-19 over time**

1. Those present if they experience symptoms attributable to Covid-19 (fever, chills, cough, difficulty breathing, sudden loss of smell (anosmia) or decreased smell (hyposmia), loss of taste (ageusia) or alteration of taste (dysgeusia), rhinorrhea / nasal congestion, pharyngodynia, diarrhea)) must remain in isolation when such symptoms were present, using their GP for clinical evaluation (telephone triage) of the case. This request becomes an obligation when the body temperature of those present was higher than 37.5 ° C. Entrance to the Salesian Center is allowed only from via Don Della Torre, 2. The concierge opens at 7.15 on weekdays and closes at 22.00. Saturday and Sunday 9.00 - 12.30; 14.30 - 18.30; 20.30 - 22.00. At the entrance, those present will be subjected to the measurement of their body temperature. If it is above 37.5 ° C, the procedure of suspected contagion and preventive isolation will be triggered in your room, or, if possible, the return to the guest's private residence.
2. Only transit to and from the home is allowed in school buildings and during the hours of activity between 7.30 and 17.00 and intermediate parking is prohibited for any reason not specifically authorized. Each movement must take place with the community mask on.
3. Inside the apartment, the use of the community mask and interpersonal distancing of at least 1 meter is strongly recommended.
4. Those present who refuse to use the mask correctly will be reported for disciplinary measures.
5. In any case, those present are asked to always maintain a distance of at least one meter between one person and another.
6. Everyone present is asked to promptly notify the contact person of the Salesian Center for Covid-19 of any situations with COVID 19 symptoms in order to detect any clusters; similarly, immediate communication is requested in the event that a present has had close contact with a confirmed case of Covid-19.

### **Procedure in case of suspected contagion**

In addition to what is written in the general protocol of the Salesian Center, it is envisaged that:

- The present will go inside their room in preventive isolation.
- The Covid contact person, or his / her delegate, will provide for the possible detection of body temperature through the use of a thermometer that does not provide for contact.
- Each Covid representative, or his / her delegate, will wear a disposable kimono, gloves and a high protection ffp2 mask during this process.
- The person involved will always and in any case wear the mask, with the exception of the incompatibilities mentioned above (with the sole exception of people who have a proven and documented disability incompatible with the use of the mask) in this exception enforce the respiratory label (coughing and sneezing directly on a paper handkerchief or in the crease of the elbow: these handkerchiefs must be put away by the same who used them, if possible, by placing them in a closed bag).
- Anyone who comes into contact with the suspected case must be equipped with a surgical mask
- This will notify the primary care physician for clinical evaluation (telephone triage) of the case.

In case of confirmed contagion see the general procedures of the Salesian Center

7. This regulation may be modified if the competent authorities give different indications with respect to the provisions herein.

**The contact person for the Salesian Center for Covid-19 is the RSPP, Dr. Emanuele Salvatti, delegate Don Davide Perego tel. 02937721, email: emanuelesalvatti@gmail.com;**
